The Henry County Schools 7th grade Social Studies workbook is designed to be a comprehensive and engaging resource for students. It covers a wide range of topics, providing a solid foundation in both American and world history. The curriculum delves into key historical periods and events, empowering students to develop critical thinking skills and a nuanced understanding of the past. Key themes explored within the workbook include:

- Ancient Civilizations:** From Mesopotamia and Egypt to the rise of Greece and Rome, students embark on a journey through the cradle of civilization. They explore the development of early societies, their unique cultures, contributions to art, science, and philosophy, and the legacies they left behind.
- The Middle Ages:** The workbook takes students through the fall of the Roman Empire, the rise of Islam, the feudal system, and the crusades. It highlights the complex social, political, and economic structures that shaped this period, emphasizing the diverse cultures and advancements that emerged.
- The Renaissance and Reformation:** This section focuses on the rebirth of classical learning, the emergence of humanism, scientific discoveries, and the religious reforms that shook Europe. Students explore the impact of these movements on art, literature, philosophy, and the social fabric of society.
- Age of Exploration and Colonization:** Students delve into the voyages of exploration, the impact of colonization, and the rise of global trade. The workbook examines the complex interplay between European powers, indigenous populations, and the development of colonial empires.
- The American Revolution and Founding of the Nation:** This pivotal section delves into the causes and consequences of the American Revolution, the formation of the Constitution, and the establishment of a new nation. Students analyze key documents, explore the ideals of democracy, and understand the challenges faced by the fledgling nation.
- The Civil War and Reconstruction:** The workbook examines the causes of the Civil War, the impact of slavery, and the social and political transformations that occurred during Reconstruction. Students learn about key battles, influential figures, and the ongoing struggle for civil rights.
- Industrialization and Urbanization:** This section explores the rapid growth of industry, the rise of cities, and the emergence of new social classes. Students analyze the effects of industrialization on the environment, labor conditions, and the development of new technologies.
- The United States in the 20th Century:** The workbook covers major events such as World Wars I and II, the Great Depression, the Cold War, and the Civil Rights Movement. Students learn about the evolving role of the United States on the world stage and its domestic struggles with social change.
- Contemporary Issues:** The final section delves into current events, global challenges, and the impact of globalization on societies around the world. Students engage in critical analysis, develop their own perspectives, and consider the implications of these issues.
